FOR IMMEDIATE RELEASE

CONCERAS, LLC ANNOUNCES JOINT VENTURE WITH SEKON ENTERPRISE, INC.

DoD IT and Health IT solution providers combine expertise to deliver innovating results.

Fairfax, VA – November 23, 2020 – *Conceras, LLC. announces ONcera, a Small Business 8(a) Mentor Protégé Joint Venture with SeKON Enterprise, Inc.*

Conceras, LLC and SeKON Enterprise, Inc. – highly successful in their respective sectors, leverage over 38 years of combined experience in Health IT, Department of Defense (DoD) and Federal Civilian agencies. ONcera brings in-depth institutional knowledge and domain expertise to its customers, with the process maturity and experience of a large business, and the flexibility, agility and personal connection of a small business. This Joint Venture offers consistent and coordinated technical expertise built on quality standards, outstanding customer satisfaction and measurable past performance.

“Conceras is very excited to have formed ONcera as a Joint Venture under the SBA All Small Mentor-Protégé Program with SeKON. ONcera brings extensive experience and capability in Cybersecurity, Agile Development, Data Analytics and IT Transformation & Mobility to offer our customers across Health IT, DoD and Civilian agencies. We believe there is tremendous synergy between Conceras and SeKON that ONcera represents. This JV partnership offers added value to our current and future customers in terms of our broad service offerings and in-depth knowledge in multiple technical disciplines,” says Harvey Nguyen, President and CEO at Conceras, LLC.

Established in 2006, Conceras has been providing IT consulting services to the Federal Government in mobile computing platforms, agile software development, data center consolidation and migrations, network and systems engineering and information assurance. In addition, Conceras has emerging capabilities in data analytics, data visualization and knowledge management. With a Dun and Bradstreet rating of 98 percent, Conceras has established itself as a trusted partner and continues to strengthen its offerings by providing value through efficiency, integrity and technical acumen.
